#### Make sure your documentation has everything we need!

Be sure to attach proof of each expense. Missing, incomplete, or illegible supporting documents are the most common reasons claims are denied. You can help avoid denied claims by making sure the proof you submit is legible and contains all five of the following:

- 1. **Name** of covered individual;
- 2. Date item was purchased or service was provided or Policy Periods for insurance premiums;
- 3. **Service Provider** name (doctor, pharmacy, hospital, etc.);
- 4. **Description** of the item purchased or service received; and
- 5. Amount of out-of-pocket expense

Cancelled checks, carbon copy checks, credit or debit card receipts, bank statements, and balance forward or payment on account statements do not contain all of the required information and are **not** acceptable. Common forms of acceptable documentation include:

- 1. **Explanation of benefits (EOB)** from your insurance company (recommended);
- 2. Itemized statement of services from your doctor or other service provider;
- 3. Stub or "bag tag" from a prescription (not the cash register receipt); or
- 4. **Detailed receipt** for over-the-counter medicines.

The types of expenses listed below may require a prescription, letter of medical necessity, or an EOB:

- Massage therapy
- Weight loss programs
- Health club or gym fees
- Personal trainers
- Vitamins and supplements
- · Transportation and lodging on medical care
- Orthodontia (prepayment contract)
